

Dr. C. Palanivelu

Who reached the position of
the **Legendary Personality** in Indian Medical field
by his **Hard work & Perseverance**

Dr. C. Palanivelu is recognised as a legendary Laproscopic and Robotic Surgeon. He is the founder of Gastro-Enterology & Medical Centre (GEM) hospital, Coimbatore. Besides being a surgeon, he is known widely for his innovations too. He brought these innovations to the unprivileged people at affordable price. Because of his efforts, today every one is getting the benefit of laproscopic surgery. He proved that cancer can be cured using laproscopic (which can be used in other surgeries also) and robotic surgery. He has made the name of our nation by presenting research papers in laproscopic workshops all over the world. He has published 250 research papers and has authored several reference books on Laproscopic procedure. He is a Fellow of the prestigious Royal College, Great Britain. He was honoured two times with B.C. Roy National Award, by the Government of India for his path-breaking achievements in medical field.

Dr. C. Palanivelu represents the rural India of Sixties. Being a son of poor parents, he became a doctor. The path for him was rough and unkind. However, it did not wither the spirit and talents of Dr. Palanivelu, instead, made him a legendary researcher in the medical field. He remembers even today the hard days of his boyhood. This has made him kind and sympathetic towards unprivileged people of the society. This can be seen in the following words written by him in his autobiography. He says "Life smiles at you compassionately and whispers in your ears 'you can repay the debt to this world by helping, showing compassion, being kind to others' ". These words of his serve as 'mission statement' to all the doctors. We are glad to award this A Great Surgeon, Educationist & Social Thinker Dr. M.R. Hulinaykar & Smt. Shanthadurgadevi Hulinaykar Award' to Dr. C. Palanivelu, for his life-time achievements.

Personification of the Manthra

'Work is Worship'

Dr. M.R. Hulinaykar is recognised as an 'Exceptional Achiever' in the fields of Healthcare, Education and Social Service. Having born in a remote village Tuppadakurahatti in Navalagunda Taluk of Dharwad District, became a doctor by his sincere and hard work, disinterested attitude and his own style of endurance of hardship.

After he became a doctor, he practised in Navalagunda and served the rural people for three years. He, then completed M.S. and joined Government service. He served in Madikeri for two and a half years. He then was transferred to the District General Hospital, Tumakuru. While he was practising in Navalagunda, he married Smt. Shanthadurgadevi, a resident of New Delhi. Since then, with the kind blessing of revered Avadhutas like Shri Hurakadli Ajja and Shri Basavadevaru achievements of this couples in different fields are really monumental, which is evident to all.

He resigned as the Asst. Surgeon in Government Hospital and established 'Shridevi Hospital' in Tumakuru and earned a fame as 'an eminent surgeon. Later he entered in to the field of education also. In the Shridevi Group of Educational Institution Campus, there are more than thirty courses in different fields including Engineering and Medicine. At present, ten thousand students are studying in this campus. Dr. Hulinaykar, as a broad-minded and sympathetic person, is spending more than Rs.2 crore a year for giving scholarship for poor and talented students of backward communities. The 1000-bed 'State of Art' hospital attached to the Medical College is a pioneering hospital in providing good, affordable healthcare facilities in Tumakuru.

Dr. M.R. Hulinaykar served as a Member of Karnataka Legislative Council for one term. He always keeps himself engaged for 18 hours a day. His principle is change of work is a way of taking rest. Thus, he has become an ideal personality to younger generation. We are glad to give this Life-time achievement Award instituted in the name of Dr. M.R. Hulinaykar and Smt. Shanthadurgadevi Hulinaykar to Dr. C. Palanivelu, equally eminent and famous Surgeon.
